2012-2013 FINANCIAL AID AWARD TERMS AND CONDITIONS

The Award Notice

This Award Terms and Conditions document includes information associated with award sources offered. By accepting the financial aid awarded, the student certifies that (s)he will maintain the minimum *standard of academic progress* to maintain general eligibility for financial aid and understands, agrees with, and will abide by these conditions. The standard practice of the Office of Financial Aid (OFA) is to assume the student will accept the awards as offered.

PLEASE NOTE:

It is not necessary to return the Award Notification unless you meet one of the conditions in the **ADJUSTING OR DECLINING AWARDS** section below.

Adjusting Or Declining Awards

Sign, date, and return the award notice if:

- 1. You do not plan to enroll either on a full time (15 hours) or part time (9 hours) basis.*** When issuing initial award notices, the OFA assumes full time or part time enrollment for all students based upon their application, or previous enrollment status. Students planning to take less than a full time course load must indicate the number of hours they plan to take each semester and communicate that information to the OFA.
- 2. You wish to decline one or more aid sources offered.*** Checks reject "REJ" on the line to the left of each award source you wish to decline. Students declining an aid source for one semester but wish to keep it for another must make this very clear on the award notice before returning it.
- 3. You wish to advise the school of outside awards.*** Any aid source from outside of John Marshall, such as civic organizations, churches, etc., must be reported to, and sent to, the OFA to ensure that these sources are coordinated with Federal Student Aid and are properly credited to the student's account. Write the name of the aid source, the amount of the award and the applicable semester on the award letter and return it to OFA. It is most helpful to receive this information by August 1st for the fall term and November 1st for the spring term. Students should ask the awarding agency to make checks payable to Atlanta's John Marshall Law School and reference the student's full name and the last four digits of their social security number. This will allow John Marshall to credit the account immediately. Funds will be returned to the aid source when students do not attend. Existing awards may require adjustments to accommodate the outside aid you may receive.

If Registered, Classes Do Not Go Away Automatically. You Must Officially Withdraw With Approval from the Academic Dean

If students enroll in classes and find that they are unable to attend or cannot continue to attend, they should protect themselves both academically and financially by officially withdrawing from school with the Academic Dean. *Students who simply stop going to classes risk receiving a grade of "F" while still being charged full tuition and therefore, having to repay any financial aid funds received.* Official withdrawal from classes by specified dates each term will allow the institution to refund part of the tuition and fees.

Withdrawal Information

“What happens to my financial aid if I withdraw from classes at Atlanta’s John Marshall Law School/Savannah Law School?”

A. DROPPING CLASSES BEFORE AND/OR DURING DROP-ADD PERIOD: If you withdraw before classes begin or through the end of the Law School’s Add/Drop period, your financial aid will be awarded/adjusted based on the hours for which you are enrolled at the end of the drop-add period. If you are enrolled less than half-time (2 credit hours), you will not be eligible for federal financial aid assistance.

B. DROPPING CLASSES AFTER DROP-ADD, DURING THE "REFUND PERIODS"

Academic and General Fees

Fall and Spring Semesters:

By the end of the drop/add period	100%
During the second week of regular classes	90%
During the third week of regular classes	60%
During the fourth week of regular classes	40%
During the fifth week of regular classes	25%
After the fifth week of regular classes and hereafter	0%

Summer session:

By the end of the drop/add period	100%
Prior to the third class meeting	50%
Prior to the fourth class meeting	25%
After the fourth class meeting	0%

If you drop classes during refund periods and you are enrolled at least half-time (3 credit hours), you will be eligible to receive funds from the calculated refund.

C. COMPLETE WITHDRAWAL FROM SCHOOL:

For students who voluntarily withdraw from all classes or are granted an official withdrawal or Leave of Absence by the Academic Dean, their financial aid will be prorated based on the last date of attendance established by the Academic Dean and subject to The Return of Title IV Funds Policy and Procedure. Please see the “*Return of Title IV Funds and Repayment*” section below for further information.

Return of Title IV Funds and Repayment

The Return of Title IV Funds policy applies only if the student completely terminates enrollment (i.e., cancels his/her registration, withdraws, receives an approved Leave of Absence, or is dismissed) or stops attending classes before completing more than 60 percent of the enrollment period. The Return of Title IV Funds policy applies to federal student financial aid programs.

Repayment Policy: The amount of Title IV aid that a student must repay is determined via the federal formula for Return of Title IV Funds as specified in Section 484B of the Higher Education Act. This law also specifies the order of return of the Title IV Funds to the program from which they were awarded.

A repayment may be required when aid has been credited to a student’s account from financial aid funds in excess of the amount of aid the student earned during the semester. The amount of Title IV aid earned is determined by multiplying the total Title IV aid for which the student is qualified by the percentage of time during the term that the student was enrolled. If less aid was disbursed than was earned, the student may receive a late disbursement for the difference.

Over Award: In rare instances, a student may receive more aid than was earned. This may occur if a student is enrolled in a certain number of credit hours, and withdrawals from one or more credit hours after the Add/Drop period has ended. If more aid was disbursed than was earned, the amount of Title IV aid that must be returned (i.e., the unearned amount) is determined by subtracting the earned amount from the amount actually disbursed.

The responsibility for returning unearned aid is allocated between the Law School and the student according to the portion of disbursed aid that could have been used to cover Law School charges and the portion that could have been disbursed directly to the student once the Law School charges were covered. The Law School will distribute the unearned aid back to the Title IV programs as specified by law. The student will be billed for the amount the student owes to the Title IV programs and any amount due to the Law School resulting from the return of Title IV funds used to cover charges.

Students have 45 (forty five) days from receipt of written notification to resolve the outstanding balance or a hold will be placed on their Student Account, resulting in an inability to register for future semesters, receive transcripts, and/or being referred to a Collection Agency.

Summer Semesters

The FAFSA for the preceding year and a separate internal AJMLS/SLS Summer Semester application is required. The summer school application should be submitted to the OFA when Summer Semester registration has been completed. Aid for the Summer Semester is available only if a student has not used all aid eligibility during the preceding academic year. In addition, students must be enrolled at least half time (3 credit hours) during the summer.

Students who have *not* utilized the maximum annual limit of the Unsubsidized Stafford Loan during the fall and spring semesters are eligible to receive remaining Unsubsidized Stafford Loan Funds during the summer semester. For example: The maximum Unsubsidized Stafford Loan award amount is \$20,500 annually (fall, spring and/or summer). If this amount was not received over the fall/spring semesters, you may receive the remainder of it during the summer. *The Graduate PLUS loan does not have an annual loan maximum and is available to students who meet credit standards which are set by the William D. Ford Federal Direct Loan Program.*

Disbursement of Funds

Students may access their bill through the Online Student Services portal. Financial aid will actually credit the student's account once the student: (1) has a complete financial aid file; (2) is enrolled at least half time; AND (3) has followed exactly the instructions from the Terms and Conditions document for satisfying the semester bill.

The total loan amount you accept on your award notification will be divided equally among the semesters in which you have been awarded (i.e., Fall and Spring). Loans for one semester will be disbursed in one payment within the semester awarded, less Department of Education (DoE) processing fees. If you wish to accept only a portion of your loan for a different semester of enrollment than those reflected on your award notification (i.e. Summer), please check reject "REJ" and/or adjust "ADJ" and indicate the amount you wish to borrow on your award letter. You must sign and return the form to the OFA prior to August 10th. If you wish to adjust or decline your award after submitting your award notification, please complete and submit the Loan Adjust Request Form to the OFA. Your loan will be disbursed to your student account after the end of the drop/add period each semester. Any funds remaining after your Law School balance is paid in full will be refunded to you.

You must be enrolled at least half time (3 credit hours) in order for your loan to be disbursed. If you drop below half time or withdraw from the Law School, you may be billed for loans funds disbursed to you for the semester.

Receipt of Student Refunds: All students who wish to receive a refund of any financial aid are required to submit a Loan Refund Request Form, and a Direct Deposit Form to the Office of Student Accounts. Students who do not have Loan Refund Request and Direct Deposit Forms on file with the Office of Students Accounts will not receive any refunds. Aid funds received above the cost of Tuition and Mandatory fees for those students will be returned to the lender. Students are only required to submit the Direct Deposit Form once, unless changes are made to their banking account information. Student Loan Refund Requests are submitted once per year, prior to the beginning of the Fall Semester. **Refunds are processed by the Office of Student Accounts.**

Entrance Interviews for Borrowers

All first time federal student loan borrowers at Atlanta's John Marshall Law School and Savannah Law School must complete the Entrance Loan Counseling to become familiar with their rights and responsibilities under the loan programs. Students complete this requirement online at <https://studentloans.gov>. *Funds will not credit to the student's account until this requirement is completed.*

Federal Stafford Loans – Entrance Loan Counseling and Promissory Notes

Loans offered to students through the Federal Stafford Loan program are borrowed monies that must be repaid with interest. Students at the Law School receive Federal Stafford Loans through the Federal William D. Ford Direct Loan Program. Federal financial aid program eligibility is determined for all students through the completion of the Free Application for Federal Student Aid (FAFSA). **As of July 2012, the Stafford Direct program offers Unsubsidized Loans only to Graduate Program students.** Unsubsidized loans accrue interest beginning at the time of disbursement. The current interest rate for the Unsubsidized loan is 6.8%. **Additional information on types of loans, student eligibility and repayment may be obtained through The Student Guide published by the Department of Education located at:** http://studentaid.ed.gov/students/publications/student_guide/index.html

Complete the Entrance Loan Counseling and a Master Promissory Note (MPN) if you are a first time borrower at AJMLS/SLS – You must complete an MPN the first time you borrow a Direct Unsubsidized Loan. Once completed, the Direct Loan MPN is valid for 10 years so continuing borrowers do not have to complete one each year. As a first time borrower at AJMLS you must also complete an Entrance Loan Counseling. You can complete both the Entrance Loan Counseling and the MPN at www.StudentLoans.gov.

Annual Direct Loan Limits

Grade Level	Stafford Unsubsidized Loan Maximum	TOTAL Annual Maximum
Graduate	\$20,500	\$20,500
Lifetime Direct Stafford Loan Limits	\$73,000	\$138,500

Satisfactory Academic Progress for Financial Aid

All Federal Financial Assistance Programs are authorized under Title IV of the Higher Education Act of 1965 as amended, and require the establishment of minimum standards of academic progress that students must meet to maintain general eligibility for financial aid. While students meeting these standards are generally eligible for aid, some aid programs require higher standards that may preclude the student from qualifying for those programs.

Atlanta's John Marshall Law School and Savannah Law School's Satisfactory Academic Progress (SAP) Policy for Financial Aid Eligibility applies to all aid programs administered by or through the OFA. These standards apply to all students seeking or receiving assistance whether or not aid may have been received previously.

Satisfactory Academic Progress (SAP) for financial aid purposes measures students' progress relative to their length of enrollment. The OFA has revised the Standards for Satisfactory Academic Progress for 2012-2013 in accordance with new federal regulations. Standards for Satisfactory Academic Progress measure students' progress toward degree completion using both qualitative and quantitative methods. To be eligible for financial aid at the Law School, students must meet or exceed these standards. The standards apply to all college coursework taken, regardless of whether financial aid was received or not, including coursework transferred from another institution. Academic progress is reviewed annually, for full time students after Spring semester grades are available, and for part time students after Summer semester grades are available. Students who fail to meet the Standards for Satisfactory Academic Progress will have their financial aid eligibility suspended.

The Qualitative standards: Graduate students must maintain a cumulative grade point average of at least 2.0. Students with a GPA of less than 2.0 must appeal with the Associate Dean for Academic Affairs Office and will be suspended from Title IV eligibility until reinstatement has been awarded.

The Time Limitation Quantitative Standards: From the date of first enrollment in a specific degree program, students seeking a Juris Doctorate degree must complete all degree requirements within 5 academic years.

The Incremental Quantitative Standards: Juris Doctorate/Graduate students must successfully complete 50% of the cumulative hours attempted. The incremental assessment is performed after grades are posted at the end of spring semester for Full-time students and at the end of the summer semester for Part-time students.

The Maximum Time Frame Standards: From the date of first enrollment in a specific degree program, students seeking a Juris Doctorate degree must complete all degree requirements within **117 attempted credit hours**. (88 program credit hours x 133% = 117). Students who change their enrollment status may be accommodated through an extension of semesters of eligibility. The extension must be secured at the time the enrollment status change is made.

GENERAL POLICY & PROCEDURES APPLICABLE TO ALL STUDENTS:

Withdrawal: Any student who withdraws from a course and does not withdraw from all registered credits will be evaluated annually after spring semester grades are available. Students who fail to meet the Standards for Satisfactory Academic Progress will have their financial aid eligibility suspended and will be required to submit a formal appeal to the Associate Dean of Academic Affairs.

Termination of Aid: Students who are dismissed from the Law School for any reason are terminated from financial aid. Students who do not meet the Satisfactory Academic Progress Standards for Financial Aid Eligibility as of the end of the SAP Probation period will be terminated from financial aid until they are again in full compliance.

Readmit Policy: Students applying for readmission to the School are eligible for financial aid if: (1) they meet the SAP standards in effect at the time of readmission; or (2) after they have successfully completed the terms of their readmission. This policy may not be appealed. Students who have not attended the Law School for 2 or more years prior to being readmitted are not required to do a SAP appeal. However, they must reapply with the Office of Admissions and they must remain eligible to receive Title IV funds.

Reinstatement of Aid: Students who are terminated from the Law School and therefore from financial aid may submit an appeal for reinstatement when they have mitigating circumstances beyond their control that resulted in deficiencies that could not be made up. Such circumstances include the student's injury or illness, death of a relative, or other special circumstances. In cases where the student and/or student's family lives in an area that has been officially declared a National Disaster Area, an appeal may be filed.

Appeal forms for reinstatement to the Law School are available from the Associate Dean of Academic Affairs for students whose GPA is below a 1.9 after their first year. They are also available for 2nd year full-time students whose GPA is below a 2.0. Appeals for reinstatement of eligibility are the responsibility of the student. The appeal must be submitted within the term for which reinstatement is requested. Appeals must specifically reflect the unique circumstances that were beyond the control of the student. The appeal should provide specific resolution to circumstances and supporting documentation as indicated on the appeal form.

Students appealing for reinstatement of eligibility remain ineligible to receive aid, but may pursue participating in the Law School's Semester Installment Payment Plan through the Office of Student Accounts. Students should be prepared with other resources to pay all educational expenses not covered by the Payment Plan. Students whose appeals are approved may have their eligibility for aid reinstated. Financial aid may be awarded if the student meets routine eligibility criteria, subject to availability of funds.

Graduate PLUS Loan

Graduate PLUS Loans are a part of the William D. Ford Federal Direct Loan Program. These loans are available to graduate students enrolled at least half time (3 credit hours) who are seeking additional financial assistance to cover up to 100% of the total cost of attendance, minus other financial aid already awarded. Students may borrow up to their full

cost of attendance for the academic year, less any other aid received for that year. The borrower and the OFA work with the Department of Education (DoE) to complete the loan process and deliver loan funds to you. The Financial Aid Award Letter for the Academic Year will indicate the amount of Direct Stafford Unsubsidized and Graduate PLUS Loan funds that students are eligible to borrow. *The Graduate PLUS Loan approval is a credit based decision, and students are required to complete a separate application at www.studentloans.gov.* The application must be completed prior to the end of the Add/Drop period.

How Do I Qualify?

- You must complete the Free Application for Federal Student Aid (FAFSA).
- You must be a US citizen or an eligible non citizen.
- A credit check will be required before the DOE will approve your eligibility.
- Credit decisions are only valid for 90 days.
- If your credit is denied you may still be able to qualify for the Grad PLUS loan by appealing the credit decision or applying with an endorser.

Credit Requirements

A GradPlus loan applicant is considered to have an adverse credit history if he or she:

- Is 90 or more days delinquent on any debt as of the date of the credit report,
- Has one or more accounts currently in active collections, or
- Has been the subject of a default determination, bankruptcy discharge, foreclosure, repossession, tax lien, wage garnishment or write-off of debt under the Title IV of Higher Education Act during the 5 years preceding the date of the credit report.

If you are concerned about credit and your ability to qualify for a Graduate PLUS Loan, you can apply for the loan at www.StudentLoans.gov to see if you will qualify. Credit decisions are returned immediately.

Interest Rate

Interest rate for Direct PLUS loan is fixed at 7.9%. The interest starts accruing at disbursement.

Loan Fees

As of July 1st, 2012, a 4% origination fee is charged by the DoE for each Graduate PLUS loan disbursement. Due to the U.S. Government's March 1st 2013 sequester, loan origination fees are likely to increase from 1% to 1.05% for the Federal Stafford Loans and from 4% to 4.20% for the Federal Graduate Plus Loans.

Repayment

Repayment begins 60 days after the final disbursement; however, the borrower can request a deferment until 6 months after graduation. The interest on the loan starts accruing at disbursement and the borrower has an option to make interest only payments while enrolled. The standard repayment period is 10 years but can be extended. Please go to www.StudentLoans.gov for more information regarding the different repayment plan options, deferments, and forbearances available through the Department of Education.

Private Loans

Private loans, also referred to as Alternative loans, are available to all qualified borrowers regardless of whether they complete a Free Application for Federal Student Aid (FAFSA). However, we highly recommend that you complete the FAFSA and allow the OFA to determine your eligibility for other sources of aid, including federal loans, before you apply for a private loan.

How Do I Qualify?

- Private loans are available to graduate students admitted to and enrolled in a degree granting program at AJMLS.
- Most, although not all, private loans *do not* require half time enrollment (3 credit hours). Please check with your lender if you are looking for a private loan available to students enrolled less than half time.
- Students may borrow up to their full cost of attendance for the academic year (based on the financial aid budget) less any other aid received for that year.
- The borrower must be a US citizen or an eligible non citizen or can apply with a cosigner who is a citizen or an eligible non citizen.

Credit Requirements

The lender will run a credit check on all applicants before determining eligibility for a private loan. Borrowers who are not approved based on their credit score will be advised to apply with a cosigner.

Interest Rate

Private loans are not federally regulated and the interest rate will vary depending upon the lender, the applicant, and/or the cosigner's credit score. *Applying with a qualified cosigner can substantially reduce your interest rate.* Private loans are 'unsubsidized' and the interest begins to accrue from the date of disbursement.

Loan Fees

Loan fees are set by the lender and will vary. Loan fees are deducted from each disbursement prior to the disbursement of funds by the lender.

Repayment

Repayment terms vary by lender. Most lenders do not require repayment while the student is in school and some can defer repayment for six months after graduation. Please contact the lender to find out about their repayment, deferment, and forbearance options.

Graduate PLUS vs. Private Loans

The Graduate PLUS Loan can be a better option than taking out a private education loan. Most private loans come with a variable interest rate that may adjust several times a year with no interest rate cap. The Grad PLUS Loan, on the other hand, offers a competitive fixed rate for the life of the loan. And with the Grad PLUS Loan, your income and credit score will not affect your eligibility.

Veterans Benefits

To access your VA Educational Benefit funds, you must complete three steps:

1. You must apply to the VA for approval of your eligibility
2. You must be admitted to the Law School
3. You must follow procedures for maintaining your benefits once enrolled

Applying for VA Eligibility Approval

The OFA does not determine initial eligibility for any VA Educational Benefit program. The educational arm of the U.S. Department of Veterans Affairs is the sole determinant body of benefit eligibility.

Time is the key factor in the application process and often determines how you may apply for approval. The VA requests 30-45 business days (5-9 calendar weeks) to process an application. In certain circumstances this time period may be extended. Applications can be submitted to the VA before a student is officially admitted to the Law School.

You may submit the application and supporting documents in one of two ways:

1. Directly to the VA Regional Processing Center (RPO) in Decatur, Georgia. Use this option only if you are submitting the application at least two (2) months before your first (1st) planned semester of attendance. If the application is approved, you need only provide the resulting Certificate of Eligibility along with your DD-214 to the OFA.
2. Through the VA's online application system, at [VONAPP](#).

All VA Educational Benefits are part of what's commonly called the GI BILL. The VA classifies all recipients of benefits by the different chapters of the bill. In order to send the correct application to the VA you must know what chapter you are.

For Department of Veterans Affairs benefits recipients: The Law School will refund the unused portion of prepaid tuition and fees on a pro-rata refund basis. Any amount in excess of \$10.00 for an enrollment or registration fee will also

be pro-rated.

The Law School agrees to maintain a positive attendance record that also reflects late arrivals and early departures.

The Law School agrees not to exceed a student teacher ratio of 25:1 as established by the State Approving Agency (SAA).

Student Expense Budgets

Student expense budgets are established annually in a two-step process:

1. “Proposed” budgets are established which reflect adjustments based on the most recently administered Law School Student Expense Survey. In those years when the survey is not administered, budget elements are adjusted based on research completed by the OFA.
 - For both Atlanta’s John Marshall and Savannah Law Schools, the OFA analyzed the cost of living on a local, regional, and national scale, utilizing the Consumer Price Index (CPI). The CPI measures the average change in prices over time for goods and services, and is published by the U.S. Bureau of Labor Statistics. CPIs are based on prices of food, clothing, room and board, fuels, transportation fares, medical and dental services, and other day-to-day living goods and services. (For additional Information on the CPI, please visit www.bls.gov/cpi/.)
2. “Official” budgets are established when the Board of Directors officially set tuition and fee rates.

* “Law School” refers to both Atlanta’s John Marshall Law School and Savannah Law School.
